

Since 1955, PBBS Equipment Corporation has been providing our customers with complete boiler room support. Today we have grown to six convenient locations in the Upper Midwest supporting North and South Dakota, Minnesota, Wisconsin, and the Western Upper Peninsula of Michigan.

As a total boiler room solutions provider, we can configure the right boiler room equipment for your application, provide operator training, 24/7 emergency service/rental, routine maintenance, stocked replacement parts in our service vehicles and warehouses, and everything in between.

Our long-standing partnerships with first-in-class manufacturers allows us to deliver excellent quality, and highly-efficient packaged systems with the latest technology and lowest operating cost. We have decades of experience in commercial and industrial applications in virtually every market - no job is too big or too small.

Our professional service technicians and engineering personnel are factory-trained with in-depth system knowledge and as technology evolves, so do we with continuing education.

It's what sets us apart. It's why businesses rely on us. It's why customers stay with us.

Your Boiler Room Experts, Since 1955

HYDRONIC SPECIALTIES & PUMPS

- Vertical, horizontal and multi-stage, stainless steel pumps
